## *Empowering the Future of Pharma Leaders: An Interactive Session with SUN PHARMA*

AZARA, September 26: An interactive session was organized between the students of School of Pharmaceutical Sciences, Girijananda Chowdhury University (GCU) and the senior officials from the renowned pharmaceutical giant, SUN PHARMA at Girijananda Chowdhury University (GCU), on 22nd September, 2023. The program was orchestrated by Mr. Ranadeep Borgohain, incharge, Training and Placement Cell, School of Pharmaceutical Sciences, GCU. The program centered on various aspects of the pharmaceutical industry, including financial intricacies, personal development, gender sensitization, the advent of Industry 4.0, and the future prospects of the pharmaceutical industry within the country.

The event commenced with a compelling PowerPoint presentation delivered by SUN PHARMA officials, shedding light on the company's operations and contributions to the pharmaceutical sector. Additionally, SUN PHARMA's Human Resources team presented valuable insights on interview etiquette, dos and don'ts during interviews conducted by pharmaceutical industries, and tips on creating effective PowerPoint presentations.

*Dr. P. Malairajan felicitating the invited guests.*

# NEWS BULLETIN

One of the standout features of this session was the one-on-one interaction between the students and the industry experts, allowing students to address their queries and concerns directly. This interaction not only provided invaluable industry knowledge but also inspired and motivated the students for their future endeavours.

The session garnered an impressive attendance of 146 participants, students, faculty members and representatives of SUN PHARMA. This robust representation underlined the significance and relevance of the event.

In a rapidly evolving pharmaceutical landscape, this interactive session served as a bridge between academia and industry, equipping students with practical insights and preparing them for the challenges and opportunities in the pharmaceutical sector. GCU in collaboration with SUN PHARMA continues to facilitate such enriching experiences that contribute to the holistic development of its students and the growth of the pharmaceutical industry in the country.

*Fostering learning through interaction.*

## *World Pharmacists Day 2023*

AZARA, September 26: The School of Pharmaceutical Sciences at Girijananda Chowdhury University (GCU), Tezpur Campus, marked World Pharmacists Day 2023 with a remarkable array of activities that blended education, awareness and community service. The two-day celebration began with an innovative and informative approach - street plays. These plays performed by enthusiastic students took place at the District Museum in Tezpur, Mission Chariali, Goroimari and Tezpur Medical College and Hospital in Bihuguri. The theme for this year's celebration "Pharmacists Strengthening Health Systems - Angdaan Mahadan," aimed to spotlight the pivotal role pharmacists play in bolstering healthcare systems and their contributions to better community health. In addition to being enjoyable, the street plays were an effective way to spread the word about the vital role that pharmacists play in healthcare. They engaged audiences in various settings while disseminating information and highlighting the importance of pharmacists in obtaining better health outcomes. The second day of the World Pharmacists Day celebration began with a formal gathering, featuring the unfurling of the flag as a symbol of the event's commencement. The recitation of the Pharmacist Oath reaffirmed the commitment of pharmacists to ethical and responsible practice emphasizing their role in patient care. One of the highlights of the celebration was the heartfelt felicitation of retired and working pharmacists. Their dedication and service to the profession were acknowledged with respect and gratitude. The event was graced by esteemed guests including Dr. Pronobesh Chattopadhyay, Scientist-F at DRL, Tezpur, who served as the Chief Guest and Shri. Quri Kiron Hazarika, Inspector of Drugs, Biswanath, along with Shri. Mr Kulendra Goswami, Retd. Senior Lecturer, AMCH as the Guest of Honour. Their presence emphasized the significance of pharmacists in the healthcare landscape.

*"Pledging to shape a healthier tomorrow."*

# NEWS BULLETIN

The event was boosted further by a model-making competition which provided a forum for the students to demonstrate their inventive ideas and abilities. This contest promoted healthy competition among students while also showcasing the innovative spirit that is advancing the study of pharmaceutical sciences. In keeping with the spirit of community involvement, a Free Health Camp was organised. This program provided residents in the neighbourhood with free medical tests, medications and blood testing. The teamwork between GCU-Tezpur and the NSS team was an excellent example of the institution's dedication to community welfare as well as accessibility to healthcare. The GCU Tezpur Campus's observance of World Pharmacists Day 2023 was thorough and considerate. It not only emphasized the importance of pharmacists but also showed how committed the institution is to community involvement, education and the advancement of ethical healthcare practices.

## *Internal Hackathon for AICTE, Smart India Hackathon*

AZARA, September 26: Smart India Hackathon (SIH) is a nationwide initiative to provide students with a platform to foster a culture of product innovation and a problem-solving mindset. To shortlist the teams for this event, Mr. Adarsh Pradhan, SPOC, Girijananda Chowdhury Guwahati (GCU), in coordination with the Programming Club, conducted an Internal Hackathon on the 23rd of September 2023, in the Department of Computer Science and Engineering, GCU. A total of 36 students, comprising 6 teams, from the Departments of Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering, and Computer Application participated in the event. "An App-based solution for the wool sector (Ministry of Textiles)", "Self-identifying the mental health status and get guidance for support (Government of Gujarat)", "Chatbot to respond to text queries about various Acts, Rules, and Regulations applicable to Mining industries (Ministry of Coal)", and other problem statements were among those to which the students offered solutions. The judges interrogated, probed, and scrutinized the competing teams, and five have been shortlisted, who will get the opportunity to participate in the 6th edition of SIH-2023, which will be organized by the Ministry of Education, AICTE.
