## *Web3Adda*

AZARA, September 22: A workshop titled "Web3Adda" was organised for the students of Girijananda Chowdhury University in partnership with Web3Assam. The Workshop provided participants with an engaging experience through several activities including an introduction to the concept of blockchain, use cases of Blockchain and Hands-on Deployment of ERC-721 Smart Contract. Approximately 50 students from the University actively participated in the programme. Web3Assam distributed T-shirts to the participants. The coordination of the event was undertaken by the Programming club of GCU. The programme on Web3 served as an excellent educational opportunity for the students of GCU.

*Learning with experience the blockchain concept.*
