## *Kickstarting the “Futsal League: Season-1 2023” at GCU Tezpur Campus: A Celebration of Sportsmanship and Mental well-being*

TEZPUR, October 06: Girijananda Chowdhury University, Tezpur Campus organized the Futsal League Season-1 on 3rd Oct, 2023. The League was successfully conducted by Dr. Ravi Kumar Rajan and the Organizing Committee of the event. The initiative was set up with a primary goal of elevating mental well-being, supporting positive lifestyles, and instilling a feeling of sportsmanship among students in addition to their academic endeavours. The league was officially launched by the revered Prof. Abdul Baquee Ahmed, Principal of the School of Pharmaceutical Sciences at the GCU Tezpur Campus. The first match, Young Boys FC vs. Rangili FC, ended 1-0 in favor of Young Boys FC after an intense 18-minute game. The second match, Warrior FC vs. Ruhidoibari, concluded with a dominant 3-0 victory for Warrior FC. The Futsal League showcased student’s talent, emphasized the values of sportsmanship, teamwork, and fair play, and reminded us of the power of sports to unite and inspire. GCU, Tezpur fraternity eagerly anticipates more exciting matches of Season-1. The league is not just about scoring goals but about scoring a victory for a healthier and a united campus.

## *A lecture on “Building Planning & Estimation”*

AZARA, October 06: The Department of Civil Engineering, GCU organized a lecture on “Building Planning & Estimation” on 4th Oct, 2023. The invited speaker, Er. Pallav Kr. Choudhury, ex-chief engineering manager, IOC, delivered a talk on building planning. He enlightened the attendees on building planning, an art applied to configure or arrange several building units or components in an organized manner to create a coherent structure that serves its intended function. The session mainly focused on the key factors that need to be taken into account while planning a structure. The lecture was attended by 3rd and 4th yr civil engineering students and concluded successfully with an engaging interactive question-and-answer session.

Mr. Pallab Kr. Chowdhury enlightening the participants with the art of building planning.

Moment of successful conclusion.

Enthusiastic learners.
