Girijananda Chowdhury University Excels at Bioeconomy 2023 International Hybrid Conference

AZARA, October 20: Girijananda Chowdhury University was well-represented at the recent two-day International Hybrid Conference, Bioeconomy 2023, held at the Indian Institute of Technology Guwahati from October 11th to 12th, 2023. Mr. Alakesh Bharali, Prof. Bhanu P. Sahu, Prof. Damiki Laloo, Dr. Minakshi Gogoi and two of the university's promising research scholars, Hrishikesh Sarma and Santa Sarma, made significant contributions to the event. Mr. Alakesh Bharali, Assistant Professor, School of Pharmaceutical Sciences, delivered an engaging oral presentation during the conference, shedding light on his cutting-edge research in the field of bioeconomy. His insights were well-received and contributed to the conference's success. In addition to Mr. Bharali's presentation, Prof. Bhanu P. Sahu and Prof. Damiki Laloo had the honor of serving as invited speakers. Their expertise and knowledge played a vital role in enriching the conference's discussions and promoting the exchange of innovative ideas. Moreover, the dynamic duo of Santa Sarma and Hrishikesh Sarma represented Girijananda Chowdhury University with poster presentations that showcased their groundbreaking research in the realm of bioeconomy. Their contributions were highly regarded with Hrishikesh Sarma's poster earning him a third position in the highly competitive poster competition. His outstanding work highlights the dedication and excellence that Girijananda Chowdhury University scholars consistently exhibit in their academic pursuits. The Bioeconomy 2023 International Hybrid Conference provided a platform for scholars and researchers from across the globe to exchange knowledge, share innovative ideas and collaboratively explore the future of bioeconomy. The active participation and achievements underscore the university's commitment to fostering academic excellence and contributing to cutting-edge research in the field. Girijananda Chowdhury University takes immense pride in the accomplishments of its representatives at Bioeconomy 2023, further solidifying its status as a leading institution in the pursuit of academic excellence and the advancement of research in the field of bioeconomy.
