Dr. Jayanta Deka assumes as the Chancellor of GCU

AZARA, February 24: Dr. Jayanta Deka assumes the Office of the Chancellor, GCU on 19th February and heralds a new chapter for the University. Prior to this assignment, he has held diverse roles as academician and administrator at Assam Agriculture University (AAU) and other prestigious institutions. His roles as Dean, Faculty of Agriculture, Associate Professor and Principal Scientist of AAU, Nodal Officer (ICAR Education), I/C, Training & Placement, Councilor (Indian Society of Weed Science), Member (Indian Journal of Agronomy) and Councilor (Indian Society of Agronomy) reflects his commitment to research and education. He has numerous accolades including the AAU Junior Fellowship, IARI Senior Fellowship and was recognized as a Fellow of the Indian Society of Agronomy.

Dr. Jayanta Deka assumes the Office of the
Chancellor, GCU

He has made substantial contributions to agricultural literature as an author of two books, 34 book chapters and over 100 research and review papers. His leadership as the Principal Investigator of AICRP on Weed Science showcases his commitment to advancing agricultural practices and technology. He spearheaded initiatives to enhance teaching and learning facilities during his tenure as Dean, Faculty of Agriculture at AAU. The introduction of smart classrooms, virtual classrooms, AR & VR facilities and a sophisticated central instrumentation facility are a testament to his dedication to provide a cutting-edge education environment.

Dr. Jayanta Deka envisions to expand GCU by introducing new educational programs across various disciplines, including agriculture and allied fields, biotechnology, bioinformatics, data science, applied psychology, nanotechnology, artificial intelligence, environmental science, food science, nutrition and dietetics, journalism and mass communication. His goal is to produce market-ready students equipped with the skills demanded by evolving industries. He aims to strengthen the university's research capabilities by securing external funding for research projects. He emphasizes community engagement, encouraging students and faculty members to actively contribute to societal development while instilling human values and ethics. Dr. Jayanta Deka's appointment as Chancellor ushers a new beginning for Girijananda Chowdhury University. His visionary leadership, experience and commitment to academic and research excellence are poised to elevate the university to new heights. The GCU community eagerly anticipates the positive impact of Dr. Jayanta Deka on the institution's growth and influence in the academic landscape.

GCU Congratulates and Wishes All the Best to the Achievers

Ms. Jyotishma Medhi, B.Tech Civil Engineering.

AZARA, February 24: Girijananda Chowdhury University congratulates Ms. Jyotishma Medhi on her outstanding accomplishment and wishes her success in representing India on the International stage. She has been selected as one of the 360 representatives from India to attend the World Youth Fest (WYF) in Sochi City, Russia from 1st March to 7th March 2024. She secured her place at WYF through a rigorous selection process. In the first round, she submitted an essay on the theme "Life, Dignity and Justice" and the second round involved a video conference session showcasing her thoughtful insights and intellectual prowess. The World Youth Fest is a prestigious gathering that will host 20,000 Russian and international leaders, including teenagers representing children's organizations and associations from around the world. Jyotishma will actively participate in activities spanning diverse fields such as business, media, international cooperation, culture, science, education, volunteering and charity, sports and public life. This remarkable achievement not only recognizes Ms. Jyotishma Medhi's academic excellence but also her commitment to addressing critical issues that impact the global youth community.

Prof. Kandarpa Das along with the delegation of faculty members and students of the Department of Business Administration, GCU.

The Department of Business Administration, Girijananda Chowdhury University is set to broaden the horizons of the MBA first-year students with a four-day Excursion cum Educational trip to Bangkok on invitation of the Asian Institute of Technology and Thammasat University. The delegation comprising of 27 students and two faculty members, Dr. Junumoni Das and Mr. Dhruva Jyoti Sharma will depart from Guwahati on 28th February 2024. The delegation would reach Bangkok on 29th February, 2024. The students and faculty members will engage in a series of educational activities and cultural experiences. The educational aspect of the trip will commence with visits to the Asian Institute of Technology and Thammasat University in Bangkok. These visits are designed to foster academic collaboration and initiate discussions on potential memoranda of understanding between Girijananda Chowdhury University and the esteemed Institutions. The delegation is expected to return to Guwahati on 3rd March 2024 concluding the educational excursion trip. Girijananda Chowdhury University looks forward to the success of this educational endeavour and hopes for a fruitful collaboration with the Asian Institute of Technology and Thammasat University, Bangkok.
