DECEASED ORGAN DONATION

AZARA, April 01: A workshop on "Deceased Organ Donation" in association with "Zublee Foundation" was organized at Girijananda Chowdhury University, Tezpur campus on 28 March, 2024. Miss Deeksha Kashyap, Project Coordinator of Zublee Foundation, addressed the gathering with her eye opening speech. The workshop's primary objective was to raise awareness regarding the critical importance of deceased organ donation, emphasizing its potential to save lives and enhance quality of life for individuals in need. Miss Kashyap underscored the significance of deceased organ donation, while the event further included a panel discussion featuring individuals who either directly experienced or were acquainted with instances of organ donation or transplantation. Interactive sessions provided attendees, including students, faculty, and staff, with the platform to ask questions and address any uncertainties they had regarding organ donation. The workshop garnered participation from nearly 100 individuals, fostering a diverse and engaged attendees committed to understanding and promoting organ donation initiatives.
