IMPLEMENTATION OF NEP 2020 AND OUTCOME- BASED EDUCATION: **A PEDAGOGICAL APPROACH**

Regional Workshop

03rd – 05th
JULY JULY
2024 2024

INTRODUCTION

The National Education Policy (NEP) 2020 envisages a new pedagogical and curricular restructuring of the education system in India that will contribute to an equitable and sustainable society of knowledge. The policy foresees an academic environment where students acquire values, skills, and intellect to become global citizens. Therefore, educational institutions are responsible for imparting education for academic excellence and focusing on holistic and integrated learning.

The curriculum and pedagogy shall now move from traditional rote learning to a system of genuine understanding and learning how to learn. Hence, the approach should be outcome-based education (OBE), emphasizing desired learning outcomes as the central focus of the teaching and learning process. It is a student-centric teaching and learning methodology integrated into the course delivery, where student's performance is assessed based on their outcomes at various stages, from understanding concepts to creating or designing projects.

The three-day Regional Workshop in the Northeast is henceforth organized to fulfill the sole purpose of NEP 2020 and adopt the OBE pedagogy. It is aptly designed for the teachers to provide them with hands-on training. It shall offer a unique opportunity for senior secondary teachers to acquire new knowledge and explore deeper within to identify their own expertise in a meaningful way. Participants shall engage in various individual and group activities and practical exercises where mutual sharing and learning from one another takes place. Facilitators will initiate and involve them in collaborative projects to enhance their experience and provide engaging, enjoyable, experiential learning.

ABOUT US

The workshop shall be organised by Girijananda Chowdhury University, Assam. Nestled between the picturesque water body of the Deepor Beel– a famous Ramsar site and the Bor Luit- the mighty Brahmaputra river, Girijananda Chowdhury University is on a sprawling 20-acre campus in the outskirts of Guwahati, Assam. Girijananda Chowdhury University was established by the Act No. XLVII of 2022 of the Assam Government as a State Private University under the aegis of Shrimanta Shankar Academy Society registered under the Societies Registration Act 1860. The establishment of Girijananda Chowdhury University has evolved out of the initiative of the Girijananda Institute of Management and Technology (GIMT) and the Girijananda Institute of Pharmaceutical Sciences (GIPS) to impart professional higher education in a spirit of philanthropy and social commitment. During the last 16 years of their existence, these institutes earned the reputation of quality professional education, as evident in the accreditation of the various programmes by the National Board of Accreditation (NBA) and the award of extramural grants from the AICTE, DST, etc. Girijananda Chowdhury University believes in exposing young students to the real world, enabling them to learn through critical thinking, creative problem solving, encountering differences, and enabling them to find relevance through the multiple perspectives of the world and life. GCU is now organizing this essential workshop for teachers of classes IX-XII from various higher secondary schools in the northeast region. The goal is to equip them with the knowledge and skills necessary to deliver a holistic and integrated learning experience as envisioned in NEP 2020.

OVERVIEW OF TOPICS TO BE HANDLED IN THE WORKSHOP

- NEP 2020 and Multidisciplinary Approach to Education
- Outcome Based Education
- Holistic, Integrated, and Experiential Learning
- Skill-based Education
- Inclusive Education
- Indian Knowledge System
- Curriculum and Pedagogy of Education in Schools
- Global Competencies in Education
- Team Building
- Integration of Technology, AI, and Educational Systems
- Capacity Building of Teaching Faculty
- Social Emotional Learning in Education
- Happiness in the workplace
- Mentoring etc

THE IMPORTANCE OF THE WORKSHOP FOR TEACHERS :

Educators often encounter numerous challenges in fulfilling their duties and responsibilities. In today's globalized world, teaching and learning have transformed into a multidisciplinary approach, incorporating teaching, mentoring, learning, and facilitating roles. This workshop aims to address these growing challenges, significantly relieving the stress and anxiety of a teacher's job.

RESOURCE PERSONS

Participants shall get to meet and learn from experienced and qualified resource persons from the field.

WHO CAN PARTICIPATE?

The workshop invites PGT Teachers (Class IX-XII) of both Government/Public and Private Schools in the North-East region. Faculty members of Junior colleges across the entire North-East are also encouraged to participate.

REGISTRATION LINK

Interested institutions shall register through the link below and nominate the participants, providing all the details as requested. **Last date for registration will be 27th June, 2024.**
