EMPOWERING STUDENTS THROUGH ENTREPRENEURIAL SKILLS: GCU HOSTS WORKSHOP ON “HOW TO PRODUCE VERICOMPOST-MANURE FOR ORGANIC FARMING”

GUWAHATI, April 4: On 4th March, 2025, The Department of Botany, Girijananda Chowdhury University has conducted a day long workshop on “how to produce vermicompost-manure for organic farming”, in the august presence of Hon’ble Chancellor, GCU; Prof. Jayanta Deka and Hon’ble President, Srimanta Sankardev Academy (SSA); Dr. Jashoda Ranjan Das.

The session was conducted by the key speaker Dr. Hemen Deka, Assistant Professor, Department of Botany, Gauhati University, Guwahati, Assam. Through the workshop, a sincere effort was made to create a linking bridge between academics and practical knowledge to inculcate entrepreneuring mindset among students. Dr. Deka was trying to give an in-depth knowledge about the technique and its applicability in broader aspects. The key highlight of the presentation was- i) How various components are essential and in what order it is supposed to be to develop such system towards revenue generation; ii) How it could lead to a sustainable agro-ecosystem.

Students had the opportunity to engage in hands-on demonstration, enabling them to gain practical experience. The workshop as a whole was a very informative experience. The workshop organizer expressed immense satisfaction for the overwhelming response from the participants. The workshop was a part of the ongoing efforts cum practices from the department of Botany to promote sustainable agricultural practices and empowering students with valuable skills.

Few glimpses from the workshop.

GCU STUDENTS VISIT MARWARI MATERNITY HOSPITAL FOR EXPERIENTIAL LEARNING

GUWAHATI, April 4: The School of Allied Health Sciences, Girijananda Chowdhury University, organised a visit to Marwari Maternity Hospital, Guwahati on 28th March, 2025. A group of 23 students from the BMLT program and one student from the MMLT program participated in this visit. The group was directed by two faculty members from the Department of Medical Laboratory Technology, Mr. Monoj Rajkhowa and Mr. Prayash Borah. The visit aimed to provide students with practical exposure to hospital-based diagnostic laboratory operations and to enhance their understanding of various diagnostic laboratory procedures.

During the visit, students were given an overview of the different departments in a hospital. A special session was conducted by Dr. Manoj Kumar Deori and the hospital laboratory staff, where they provided an in-depth overview of the various departments like Haematology, Biochemistry, Histopathology/Cytopathology, Clinical Pathology, Microbiology and Blood Centre. The visit provided students with a valuable learning experience by allowing them to observe the diagnostic laboratory processes and interact with the experienced medical laboratory professionals. It helped in bridging the gap between theoretical knowledge and practical applications in the field of Medical Laboratory Technology.

The faculty and students expressed their gratitude to the management and staff of Marwari Maternity Hospital for sharing their expertise and hospitality, making this visit a highly informative and enriching experience. A special thanks to Mr. Rohit Upadhayay for his invaluable support in facilitating the Memorandum of Understanding (MoU) between Girijananda Chowdhury University and Marwari Maternity Hospital, which contributed significantly to the success of this hospital visit.

BMLT and MMLT students gain practical exposure and learning at Marwari Maternity Hospital.
